LPA refuses prior approval

Appeal is submitted and allowed

Appeal is submitted and dismissed

LPA refuses the application under paragraph A.4(3)

LPA grants prior approval (either unconditionally or subject to conditions)

SUMMARY OF THE NOTIFICATION AND PRIOR APPROVAL PROCESS:

Note: For an extension that's **not** a larger rear extension, the developer does **not** need to notify the Local Planning Authority (LPA). For example, if a developer wants to erect a 3m rear extension on an attached house or a 4m rear extension on a detached house, then they can simply undertake the works **without** involving the LPA, or they can choose to submit an optional application for a Lawful Development Certificate (LDC).

The system of **larger rear extensions** - as introduced by SI 2013 No. 1101 ([link](https://www.legislation.gov.uk/m珂ss;y=si/2013/1101)) on 30/05/2013, then amended by SI 2014 No. 564 ([link](https://www.legislation.gov.uk/m珂ss;y=si/2014/564)) on 06/04/2014, then amended by SI 2015 No. 596 ([link](https://www.legislation.gov.uk/m珂ss;y=si/2015/596)) on 15/04/2015, then amended by SI 2016 No. 332 ([link](https://www.legislation.gov.uk/m珂ss;y=si/2016/332)) on 06/04/2016, then amended by SI 2017 No. 391 ([link](https://www.legislation.gov.uk/m珂ss;y=si/2017/391)) on 06/04/2017, then amended by SI 2018 No. 119 ([link](https://www.legislation.gov.uk/m珂ss;y=si/2018/119)) on 01/06/2018, then amended by SI 2019 No. 907 ([link](https://www.legislation.gov.uk/m珂ss;y=si/2019/907)) on 25/05/2019, and then amended by SI 2020 No. 632 ([link](https://www.legislation.gov.uk/m珂ss;y=si/2020/632)) on 01/08/2020 - allows a 3m-6m rear extension on an attached house or a 4m-8m rear extension on a detached house, **subject to all of the following ADDITIONAL criteria**:

- The extension must be single storey and must not exceed 4m in height.
- The house must not be on article 2(3) land (e.g. conservation area, AONB, National Park, the Broads, World Heritage Site, etc) and must not be on a Site of Special Scientific Interest (SSSI).
- Before beginning the development, the developer must notify the LPA by providing “a written description of the proposed development”, “a plan indicating the site and showing the proposed development and any existing enlargement of the original dwellinghouse to which the enlarged part will be joined”, and certain other information. The details of this procedure are set out by paragraph A.4, which sets out that this type of notification is subject to a deadline of 42 days (i.e. 6 weeks). From 19/08/2019 onwards, there is a fee of £96 for this type of notification, albeit subject to certain exemptions (note: for more info, please view this [post](https://www.legislation.gov.uk/m珂ss;y=si/2020/632)).
- The LPA can require the developer to submit “such further information regarding the proposed development as the authority may reasonably require in order to determine the application”.
- The LPA may “refuse [the] application” (under paragraph A.4(3)) where, in the opinion of the LPA, 1) the proposed development would not be permitted development, or 2) the developer has provided insufficient information to establish that the proposed development would be permitted development. Note: If the LPA refuses the application for the above reasons, then the LPA does **not** need to follow any of the consultation processes below, and the developer has the right to submit an appeal to the Planning Inspectorate.
- The LPA must consult the adjoining premises, with a minimum consultation period of 21 days (disregarding public holidays), and must send a copy of the consultation letter to the developer.
- If none of the owners or occupiers of the adjoining premises object to the proposed development, then the LPA confirms to the developer that prior approval is not required (or the LPA fails to issue a decision within 42 days).
- If any of the owners or occupiers of the adjoining premises object to the proposed development, then the LPA must assess “the impact of the proposed development on the amenity of any adjoining premises”. In particular, the LPA must “take into account any representations” made as a result of the consultation letter (i.e. not just the objections), and must “consider the amenity of all adjoining premises, not just adjoining premises which are the subject of representations”. The LPA then either grants prior approval (either unconditionally or subject to conditions) or refuses prior approval (or the LPA fails to issue a decision within 42 days). Note: If the LPA grants prior approval subject to conditions, or refuses prior approval, then the developer has the right to submit an appeal to the Planning Inspectorate.
- If the LPA confirms to the developer that prior approval is not required (or the LPA fails to issue a decision within 42 days), then the development must be undertaken in accordance with the information that the developer submitted to the LPA (unless the LPA and the developer agree otherwise in writing). If the LPA grants prior approval, then the development must be undertaken in accordance with the details approved by the LPA (unless the LPA and the developer agree otherwise in writing).
- **Note:** For development that's assessed against the **25/05/2019 version of the legislation**, the **30/05/2019 deadline** (i.e. the requirement for the development to be completed on or before **30/05/2019**) no longer applies, and the developer no longer needs to notify the LPA of the completion of the development.
