Introduction:
This is one of a number of documents produced by Planning Jungle Limited (www.planningjungle.com). About this document:

This free version is accessible by anyone, including people who are not members of the Planning Jungle website. As such, you are welcome to distribute this document in its original form (i.e. without alterations).

### What to check BEFORE giving advice on householder permitted development legislation:

<table>
<thead>
<tr>
<th>Question</th>
<th>Details</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Is the property a HOUSE?</strong></td>
<td>(Part 1 of the GPDO applies to C3 houses, probably applies to C4 “small” HMOs* and sui generis “large” HMOs*, but does not apply to flats or maisonettes).</td>
</tr>
<tr>
<td><strong>Is the property a LISTED building?</strong></td>
<td>(For a listed building, Class E doesn’t apply, and most PD works will still require an application for listed building consent).</td>
</tr>
<tr>
<td><strong>Is the property on ARTICLE 2(3) land (Conservation Area, AONB, National Park, Broads, WHS)?</strong></td>
<td>(On article 2(3) land, Class B doesn’t apply, and Classes A, E, G, H become more restrictive).</td>
</tr>
<tr>
<td><strong>Have PD rights been removed by an ARTICLE 4 direction?</strong></td>
<td>(An article 4 direction may remove some or all of the property’s PD rights).</td>
</tr>
<tr>
<td><strong>Have PD rights been removed by a CONDITION on a previous planning permission?</strong></td>
<td>(This could be an issue if the property was built, or converted from another use, from 1948 onwards, or even if the property has been extended since 1948).</td>
</tr>
<tr>
<td><strong>Has the property PREVIOUSLY been extended?</strong></td>
<td>(Some of the PD limitations and conditions are affected by existing extensions, particularly if the new extension would be attached to an existing extension).</td>
</tr>
</tbody>
</table>

**Also remember:**

- For the system of larger single storey rear extensions (from 30/05/2013 onwards), it’s also necessary to check whether the property is on a Site of Special Scientific Interest (SSSI), and it’s important to remember that it’s not possible to follow the notification and prior approval process retrospectively.
- The Part 1 Classes do not apply if permission to use the property as a house has been granted only by virtue of Part 3 Classes M, N, P, PA, or Q.
- It’s not possible to combine (as a single operation) PD works with works that are granted PP by the LPA. For example, if someone is granted PP by the LPA for an extension with a door, they can’t build an extension with a window by relying on the PP from the LPA for the extension and PD rights for the window.
- PD rights do not apply to buildings or uses that are unlawful (see article 3(5) of the GPDO).
- (*) Note: For different conclusions as to whether Part 1 of the GPDO applies to HMOs, see the “Part 1 of the GPDO - GENERAL Appeal Decisions” document.
